

Avshalom Felber

CEO & President

Mr. Felber is President and CEO of IDE Technologies, a position he has held since 2002. Under his leadership the company has seen considerable growth. He brings to the table a wealth of financial knowledge and business experience, as well as in-depth knowledge of the desalination market, in which IDE is a world leader. This combination puts him in an excellent position to promote the development of new and existing markets, as well as to advance new desalination and water treatment technologies. Prior to joining IDE, Mr. Felber was CFO at the Israel Ports & Railways Authority, and Deputy Director of the Budget Department at the Israeli Ministry of Finance. He holds a B.A. in Economics and Philosophy and an MBA, both with distinction from the Hebrew University of Jerusalem. Mr. Felber also participated in the Eisenhower Foundation program in the U.S. studying government, budget, transportation and capital markets.
