

Mr. Glen Laville – Water and Sewerage Corporation, Bahamas

Mr. Glen Laville is the General Manager of the Water & Sewerage Corporation (WSC) of The Bahamas, responsible for daily operations and strategic planning in the organization. Mr. Laville has more than 25 years of experience in the water and sewerage sector and led the development and implementation of the Corporation's Water Supply and Non-Revenue Water Reduction Strategy. He also coordinated the development of WSC's strategic action plan which resulted in the execution of an \$81Mn loan with the Inter-American Development Bank.
